If you need a monument or any lettering done in cemetery write or call 534M, J. E. Walker.

Saturday morning, Reverdy A. Cramer suffered a severe attack of acute indigestion. He fainted away and in falling he broke his nose. In trying to revive him, his wife fainted also. Mrs. Jennie Pope and son, Fred, who live in the same house, heard the noise and went to the help of the Cramers. Mr. Cramer is some better at present and on Thursday, he and Mrs. Cramer and son will leave for Boston for a visit and rest.

### THREE MORE CASES

Infantile Paralysis Continues To Appear In St. Johnsbury—No Fatalities During Past Week.

Three more cases of infantile paralysis have been discovered in St. Johnsbury during the past week but each one is in light form and no more fatalities have resulted. Two of the new cases are in one family, that of Cyril Cardinal on Marion avenue, Wilfred and Melina, six and four years old, having the disease. The other victim is Miss Helen Burbank, daughter of Mrs. Edith Burbank of Cross street.

Miss Burbank was taken with the disease while at the home of A. H. Dinsmore at the federal fish hatchery. Her mother was visiting in Montpelier at the time and Mrs. Dinsmore took Miss Burbank to see a physician who said it was a case of grip settling in the back and limbs. She got enough better so she went to the Academy one day but her limbs were so badly paralyzed she was unable to get up the stairs. She then went to stay with Miss Charlotte Bundy over Sunday and was feeling so miserably a physician was called. He said he feared it was infantile paralysis. A council of physicians was held and they were so sure it was infantile paralysis that the state board of health was notified and Mrs. Burbank called home. Miss Burbank was moved to her home Monday evening and is there with her mother.

The families where Miss Burbank visited are staying at home for the present to see what developments there are and a close watch is being kept of the young ladies who visited Miss Burbank while she was ill. The case seems very sad as Miss Burbank was working hard to keep up with her work in the Academy and is very popular among the girls of that institution.

A fourth case is at the farm of Rev. E. P. Lee in Waterford. Mrs. F. W. Knight having the disease. She had charge of the boarding house where the farm help boarded and has been put in quarantine.

Dr. H. A. Ladd, state inspector of the board of health, and Dr. Taylor, who has charge of the research laboratory in Burlington were here yesterday and visited all the different cases. Dr. Ladd said that St. Johnsbury was the only town in the state that had had more than one case of the disease this season.

The research work is being conducted to discover, if possible the cause of the disease and any possible means of preventing it. Each case is visited in order to get all the information possible about the disease. It has been established that the disease is communicable by blood. Whenever the blood of a monkey affected with the disease has been injected into a healthy monkey the disease has developed. They do not know yet whether or not the disease is communicable by infection or contact. Just now the authorities are securing samples of the nasal discharge of people affected to see if the disease is communicable by that means.

While the authorities do not know that quarantine is necessary they do not know it is not necessary and are quarantining the families now as a matter of precaution.

The 25 cent piece was made famous by the American Liver Tablets, the perfect laxative.

### ST. J. A. SHUT OUT

Could Not Defeat The Referee At Littleton Last Saturday—Played Well.

Eighteen husky warriors, accompanied by several loyal co-eds and a few out-siders, not to forget Miss Anna Lamontagne, Coach Gould's ward, enjoyed a fine trip to Littleton Saturday afternoon. Joseph Fairbanks, James Aldrich and Edward Cramton furnished transportation for the players and another Packard in line made an impressive showing when the crowd dropped in on the New Hampshire village. A beautiful day and a charming ride went a long way toward compensating St. J. A. for the defeat administered by Littleton high school, ably assisted and abetted by Referee Jackson of some place in South Carolina.

The referee's duties as it is commonly understood are to observe strict neutrality and to give everybody a square deal but the aforementioned Jackson evidently has never learned these first principles. The least that can be said of his work was that it was highly unsatisfactory and it seems that the victory would have rather a better taste had it been won fairly. His decisions were not only unfair to the visiting team but it was a notable fact that the only profanity or vulgarity of the entire game emanated from the chief official whose duty it was to keep the game clean and free from this sort of thing.

The game went to Littleton by a score of 27 to 0, and the St. J. A. contingent were sportsmen enough to take their defeat in a gentlemanly manner, although it was patent to onlookers that they were entitled to a different score.

The game was called at 4:10. Littleton kicked off, Gallagher recovering the ball and carrying it back to the center of the field. Warden and Ricker were used for line plunges and by good work St. J. A. rushed it down to Littleton's 20 yard line. There they were held on downs and Littleton took their first turn at offensive play. Several line rushes and two good runs by Holly took the ball

(Continued on page five.)

### HEARD FROM SEC. LANSING

He Says Government Is Doing All It Can for the Armenians.

Several days ago Rev. R. F. Lowe circulated a paper which was largely signed by local people pledging their support of the President in any action he might take to stop the massacre of Armenians by the Turks. It was turned over to Rev. F. B. Richards of the North church to be forwarded to Secretary of State Robert Lansing, as he is a personal acquaintance of Mr. Richards. It was sent some over a week ago and Mr. Richards has received the following reply:

The Secretary of State  
Washington  
October 15, 1915.

Dear Mr. Richards:  
I am in receipt of your letter of the 13th enclosing a petition in regard to the Armenian atrocities. In reply I can assure you that we are doing all in our power to alleviate the sufferings of that unhappy people.

Sincerely yours,  
ROBERT LANSING.  
Rev. F. B. Richards,  
St. Johnsbury, Vermont.

### "IF YOU DON'T KNOW ANYTHING GOOD TO SAY ABOUT A FELLOW, MAKE UP SOMETHING."

From this day forward you will need a good supply of Coal, for the fires will have to be kept burning. Moore's Coal—it glows.
